

WOMEN WON THE DAY AT THE CONFERENCE

METHODISTS VOTE IN THEIR FAVOR AT RACINE.

Matter Was Not Contested at All—
Illinois Y. P. C. E. to Meet at
Springfield—Elgin Conference Ex-
tended the Pastoral Term—W. C.
T. U. at Quincy.

Racine, Wis., Oct. 5.—The vote on the question of admission of women as delegates to the general conference was taken in the Methodist conference here yesterday. There was not the slightest contest over the matter. The vote resulted, for the women, 109; against, 1; refusing to vote, 25. On the Colorado amendment, changing the ratio of ministerial representation, the vote in favor of the amendment was 105 to 104. Stevens Point secured the next conference. The delegates chosen for the general conference were W. P. Stowe, presiding elder of Oshkosh; Professor M. S. Terry, of Evanston, Ill.; G. H. Trevor, of Fond du Lac; E. L. Eaton, of Milwaukee. A resolution was adopted asking the bishop not to change the number of districts this year, and that the presiding elder shall hereafter be elected by the annual conference. There was also a resolution passed in favor of having official members of the church elected by the membership, and asking for equal representation of lay and ministerial delegates in the general conference.

A resolution was adopted that it is inconsistent for any Methodist to pray for the overthrow of the saloon abomination and then go to the polls and vote for men who will not pledge themselves to accomplish this end.

To Meet at Springfield, Ill.
Bloomington, Ill., Oct. 5.—Springfield has won in the contest for next year's convention of the state Young People's Society of Christian Endeavor. The slate for new officers was made up in the afternoon by the nominating committee of twenty-one members. The avowed candidate for president, Rev. Oliver W. Stewart, of Eureka, came very near being defeated by President A. E. Turner of Lincoln, whose name was suddenly sprung by the opposition. Rev. Mr. Stewart won by the narrow margin of one vote, the totals standing: Stewart, 11; Turner, 10. The remaining delegates arrived in the city yesterday and it is estimated that fully 2,000 delegates and visitors have reached the city. To-day's features include a conference of district, county and local union officers and superintendents. In the evening series of denominational rallies will be held.

Pastoral Term Extended.
Elgin, Ill., Oct. 5.—The second day's session of the Evangelical general conference yesterday was presided over by Bishop Bowman. Ex-Mayor William Grote addressed the conference by invitation. The recommendation from the annual conference extending the length of the pastoral term from three years to four was adopted by a vote of 75 to 13. Having received the disciplinary majority in both the annual and now also the general conference, it will be proclaimed as part of the regulations of the church to go immediately into effect.

W. C. T. U. Convention Closes.
Quincy, Ill., Oct. 5.—The W. C. T. U. convention came to a close yesterday. A resolution demanding that Christian nations unite for the protection of Armenians from Turkish atrocities was adopted. The place of holding next year's convention was left with the executive committee.

Indiana Temperance Women.
Vincennes, Ind., Oct. 5.—The Woman's Christian Temperance Union of Indiana is now holding its twenty-second annual convention, which convened yesterday in the Fifth Street Presbyterian church in this city. Five hundred delegates are in attendance.

St. Paul's Trial Trip Satisfactory.
Gloucester, Mass., Oct. 5.—In her official trial run yesterday between Cape Ann and Cape Porpoise, a distance of 44.96 knots, the International Navigation company's new steamer St. Paul averaged 20.50 knots an hour for four consecutive hours and established the right of being among the auxiliary cruisers of the United States and carrying the United States mails. The St. Paul's time did not equal that of her sister ship, the St. Louis, by 1.72 knots for the official run, but the conditions under which the run of the latter ship was made were much more favorable and the performance to-day of the St. Paul bears favorable comparison with that of the St. Louis.

Paper Mills to Combine.
New York, Oct. 5.—A meeting of the paper manufacturers, who have been working up a combination, was held in this city yesterday. They include in the list of the mills of New England and New York, which can fill large orders. They propose to capitalize these properties at \$35,000,000, and to buy the mills from the present owners on an appraisement basis upon a payment of \$20,000 for each ton of daily output, or \$18,000,000, and an allowance of \$17,000,000 for timber tracts, power rights, franchises, machine shops, and other buildings. They are said to have decided upon William A. Russell, of Fall Mountain company, for president.

DUNN & CO'S. TRADE REVIEW.

The Depression in Business is Now Considered to Be Over With.

New York, Oct. 5.—R. G. Dunn & Co.'s Weekly Review of Trade says:

"Commercial failures in the third quarter of 1895 were 2,792, with liabilities of \$32,167,179, averaging \$11,521 per firm, against \$10,028 last year, about 15 per cent more. The rate of commercial mortality, 2.34 failures in a quarter for every 1,000 firms in business, is lower than last year, and the proportion of defaulted liabilities to the solvent business represented by payments through clearing houses is but 2.49 per \$1,000, against 2.77 last year. The defaulted liabilities per firm in business average \$26.92, against \$26.39 last year. The defaulted liabilities of the manufacturing class average \$20,865, against \$19,763 in the same quarter last year; in trading \$8,577, against \$6,443 last year, and the banking failures, not included above, have been 31, with average liabilities of \$114,000, against \$110,036 last year. In the third quarter, when failures are usually low, the average of liabilities in prosperous years falls below \$10,000; the number below two in 1,000 firms; the defaulted liabilities below \$2 per \$1,000 exchanges, and below \$25 per firm in business.

"This analysis indicates the condition approaching, but not yet reaching, one of general prosperity. Highly important comparisons of prices this week show about Sept. 3 the lowest range ever known for wholesale prices of all commodities, notwithstanding advances since March of 20 per cent in cotton goods, 40 per cent in boots and shoes, and 53 per cent in iron and steel products, while in woolen goods there has been scarcely any advance, and in all food products taken together a fall of 17 per cent. Comparisons show a fall in food products of 23.2 per cent in the five years since October, 1890, in woolen goods 22.5 per cent, in iron products 16.4 per cent, and in cotton goods 12.5 per cent, while boots and shoes are a little higher, and leather and hides much higher than five years ago.

"The cotton market has mounted above 9 cents, and holds in spite of realizing, but, as the crop is late and largely held back, does not yet feel the influence of the receipts natural at this date. Reports of injury and lower estimates of yield have impressed all minds, while few remember the stocks brought over. Receipts are growing, but for the month have been 255,000 bales less than last year. Wheat is a shade weaker, and Western receipts have been 6,550,494 bushels, against 4,487,104 last year, while Atlantic exports have been only 1,038,179, bu., against 2,791,489 last year. Corn is but little lower, though beginning to move quite largely.

"The Pennsylvania road has ordered 40,000 tons of steel rails, and other roads \$5,000, but the steelmakers, having bought their pig, bessemer is lower, and also gray forge, and the demand for finished products is decidedly smaller, so that the average of iron prices turns downward for the first time since February. Coke workers gain 6 per cent more wages, and coke is raised from 18 to 33 per cent. Wool speculation continues with enormous transactions, 10,960,200 pounds for the week, and for the month 35,636,170 pounds, of which 19,165,700 were domestic, against 37,288,400 in 1892, of which 26,197,800 were domestic. But the average of 104 quotations is 1 cent lower than a month ago. The manufacturer is doing well in dress goods, and many specialties, but has lost a large share of the business in men's woolsens, and wool is 1 per cent higher, and goods 2 per cent lower than a year ago.

"Failures in three days have been 207 in the United States, against 219 last year, and 41 in Canada, against 40 last year.

Can Fight in Indian Territory.
Ardmore, I. T., Oct. 5.—Enthusiasm over the probable coming of the Corbett-Fitzsimmons fight was intensified in Ardmore yesterday. Some of the best legal talent here concur in the opinion that there is no law on the statute books to prevent the fight coming off in the territory, and on the strength of this active steps to have it brought here are being made. An enthusiastic mass meeting was held in the offices of United States Commissioner Gibbons, and as a result Judge Moran Scott, late United States commissioner under Judge Charles B. Stuart, was sent to the Athletic club to represent the conditions under which the contest can be held here.

Pague Is Wildly Insane.
Chicago, Oct. 5.—Lieutenant Samuel S. Pague, who made a murderous assault upon Colonel R. E. A. Crofton at Fort Sheridan, Thursday afternoon, is still under guard in the post prison and his mental condition approaches even more nearly than it did yesterday, the wildest form of lunacy. He fails to realize the gravity of the situation and, instead of improving and recovering his wonted mental balance, grows worse. His condition is very precarious.

On Track of the Hinshaw Burglars.
Lebanon, Ind., Oct. 5.—There is promise of a further sensation in the Hinshaw case and possibility that something very advantageous to the minister may soon be made public. Word comes from Danville that detectives have struck a trail which may bring to light the burglars whom the Hinshaw side claimed killed the woman. Two men suspected of being the burglars are said to be under surveillance at Sheridan.

SPAIN'S SHIPS SINK AT A RAPID RATE

ANOTHER CEUISER HAS GONE TO THE BOTTOM.

This Time It Is The Conde-El-Venedito and All Hands are Reported to Be Lost—Sultan of Turkey Taken By the Neck—Other News of Foreign Lands.

Havana, Oct. 5.—The Spanish cruiser Conde-El-Venedito is reported to be lost with all on board.

Constantinople, Oct. 5.—After a conference of the ambassadors yesterday energetic representations were made to the Turkish foreign minister, complaining of the excesses committed by the Mussulman populace on the prisoners and wounded, Monday and Tuesday, many of whom were most cruelly maltreated. The representatives of the powers begged the foreign minister to take measures to prevent the foreign residents of Constantinople from suffering and to restore order.

The United States minister, Alexander W. Terrill, also made representations to the Turkish government, requesting that steps be taken to insure the safety of the United States missionaries in the Koumkaoum quarter. The Turkish quarters are guarded throughout the night in order to prevent the Mussulman inhabitants from coming out and renewing the disturbance.

The city is now tranquil, although it is still patrolled by troops and police, and there is yet much apprehension among the Armenians. At Tookurtchesme, near Stamboul, the students and populace broke into an Armenian building, killed fifteen persons, and wounded thirty-five others. In addition, it is said that they conveyed them to the shore and threw them into the sea. At Hasskoin a number of Armenian houses were broken into and sacked by the Sofas, who killed a number of Armenians inhabiting these buildings. On the other hand, at Karqheumruk, near Stamboul, revolvers were fired from the windows of Armenian houses, and all the Armenian inhabitants were arrested.

At the invitation of the Armenian notables, acting at the request of the Turkish government, some of the Armenians who had sought refuge in the Koumkaoum cathedral have returned to their homes, but the majority refuse to leave the sacred edifice out of fear of being arrested and maltreated by the Turks. Arrests of Armenians continue to be made in all parts of the city, and the police are making domiciliary visits wherever the Armenians live and are searching all the Armenian stores. There were further troubles at Top-hane, during which about forty persons were wounded.

Powers Will Be Embarrassed.
London, Oct. 5.—Foreign Office officials have expressed the opinion that the disturbances at Constantinople will seriously embarrass the powers in their efforts to bring about reforms in Armenia. They hold that a heavy responsibility rests upon the Armenians for precipitating the riots at Constantinople, and the opinion is gaining ground that the recent events there have caused a revulsion of feeling throughout Europe, and those who were urging their governments to take immediate steps to deliver the Armenians from oppression begin to see distinctly that there is another side to the question.

Testify to Durrant's Character.
San Francisco, Cal., Oct. 5.—To the surprise of everybody the defense yesterday began the calling of witnesses to show the previous good character of the young Sunday school superintendent. By the prosecution this step is interpreted to mean that the defense has introduced all of the evidence that it has to refute the mass of testimony piled up by the people. If this be true, the verdict of the jury is a foregone conclusion. Not only has the defense failed to establish an alibi for Durrant, but it has actually strengthened the case against the prisoner. Fifteen witnesses were placed on the stand to show the previous good reputation of Durrant. The witnesses all regarded Durrant as a model young man.

Wisconsin Farmers After a Fend.

Fond du Lac, Wis., Oct. 5.—While Mary Williams, the 14-year-old daughter, a farmer who lives at Marblehead, a hamlet six miles south of here, was returning home from school on Thursday afternoon she was assaulted by a tramp. Her little sister was with her at the time. The sheriff is now on the scene and the farmers from all over Eden township have armed themselves and are helping him search for the tramp, who, it is feared, has had time to escape. It is likely that he will meet with violence should he be caught. The girl's condition is said to be quite serious.

Fatal Wreck Caused by Carelessness.

Tacoma, Wash., Oct. 5.—Two crowded electric cars were wrecked in a head-end collision during a fog yesterday on the line to Puyallup and a dozen persons were injured, two of them fatally. The injured were: H. Bailey, jammed between cars; will die. Fred Foy, motor-man, injured internally. Edward Lemagle, 16 years old, seriously crushed. John Tournier, crushed between cars; fatally injured. The accident was due to carelessness in running too fast through the fog.

GOT JOSEPH CHOATE TO FIGHT HER CASE

MRS. STANFORD PREPARES HER LINE OF BATTLE.

She Has Hired the Noted New York Lawyer to Conduct Her Action Against the Government and Will Make a Hard Struggle For the Property Involved.

San Francisco, Oct. 5.—Joseph Choate, the famous New York lawyer, has been retained by Mrs. Stanford to fight her case against the government.

STOLE MISSION FUNDS.

Ugly Scandal Develops in the Episcopal Convention.

Minneapolis, Minn., Oct. 5.—Shortly after convening yesterday morning the House of Bishops and the House of Deputies of the Episcopal triennial convention met together as the board of missions. One of the reports presented bore upon a matter which has been the cause of much shame and humiliation to the church. It was made by Secretary J. Thompson Cole for the executive committee of the American Church Missionary Society. It was the first public and official utterance regarding the defalcation and embezzlements of the former secretary and treasurer of the society, which has its headquarters in New York city. Although the total amount taken by these two persons was about \$41,000, there was a general disposition to get along if possible without any direct reference to the matter in the public report. Such pressure was brought to bear, however, that it had to be done, and a New York lawyer was commissioned to prepare a statement of the facts. It is moderate in its language, but it states the guilt of the offenders in words that cannot be mistaken. The treasurer referred to in the report is Henry Oakley, and the secretary is Rev. William A. Newbold. The amount taken by the treasurer is computed by an expert accountant at \$21,832.24. The amount taken by the general secretary is computed by the same persons at \$19,034.16, from Sept. 1, 1887.

The treasurer was a person who enjoyed in the highest degree the confidence of the community, while the general secretary had been for twenty-six years the society's trusted superintendent. The treasurer found means with which to make good the sum for which he was accountable. The general secretary had nothing, nor had he any one who was sufficiently interested in him to make good the amount.

The question of proceeding against these persons as criminals was a serious one, and has been as seriously considered. The money paid back by the treasurer came from another source. The general secretary had been deposed from the ministry, and was old, penniless, and publicly disgraced. To proceed against him and not against the treasurer would be justly open to a charge that the prosecution was not because he took the money, but because he had not friends to pay it back. The executive committee was unanimous in deciding that the society would not prosecute.

The report concluded with the statement that the total resources of the society are placed at \$133,293.05.

PROF. BOYESEN DEAD.

Distinguished Author Succumbs to Rheumatism of the Heart.

New York, Oct. 5.—Hjalmar Hjorth Boyesen, professor of the German language and literature in Columbia College, died suddenly here yesterday from rheumatism of the heart. His death was sudden, as he was attending to his duties in his usual health at Columbia College Thursday.

Hjalmar Hjorth Boyesen was born in Fredericksvarn, Norway, on Sept. 23, 1848. He received his preliminary education at the gymnasium at Christiania, and after a course of study at Leipzig, Germany, he was graduated in 1868, at the University of Norway. He came at once to the United States, and in 1869 became editor of the Fremad, a Scandinavian paper published in Chicago. He was appointed professor of German at Cornell in 1874, remaining until 1880, when he accepted the offer of the corresponding chair at Columbia College. Soon after his arrival in this country Professor Boyesen began contributing stories in English to the magazines, and his verse and prose became popular. He was one of the founders of the Authors' club of this city.

Week's Exports of Wheat.

New York, Oct. 5.—Bradstreet's says: Exports of wheat (flour included as wheat) from both coasts of the United States and Canada amount to 2,013,000 bushels. Last week the total was 3,151,000 bushels, one year ago 3,243,000 bushels, two years ago 3,189,000 bushels, and three years ago 4,017,000 bushels.

Ex-Gov. Beveridge Ill.

Sandwich, Ill., Oct. 5.—Ex-Gov. John L. Beveridge is at the home of his brother, J. H. Beveridge, six miles north of this city. He came to make a farewell visit prior to a trip to Los Angeles, Cal., and was taken violently ill. His case is considered so dangerous a counsel of physicians has been summoned.

NO ULTIMATUM WAS SENT OUT.

Senator Bayard Receives No Instructions From Secretary Olney.

Washington, Oct. 5.—Secretary Olney has sent no ultimatum to Ambassador Bayard to be presented to the British foreign office. The Venezuelan matter is practically where it was when Secretary Gresham died, so far as actual steps are concerned.

There is, however, a distinct change of policy on the part of the administration on all foreign affairs. Venezuela will get some of the benefit, of course, but as yet the affair between the United States and Great Britain has not proceeded beyond the argumentative stage.

Mr. Bayard has not been notified to say that the Venezuelan dispute must be arbitrated or the United States will interfere. He has been instructed, however, to present the position taken by the United States in the clearest possible manner. So far as the official correspondence goes Great Britain has only been notified that the United States deems the dispute with Venezuela a proper subject for arbitration.

The dispatches sent to Ambassador Bayard are directly in line with the joint resolution passed at the last session of congress. This resolution has been often misquoted and distorted. It did not direct the president to insist on arbitration nor did it instruct him at all. On the contrary, it declared—"That the president's suggestion that Great Britain and Venezuela refer their dispute as to boundaries to friendly arbitration be earnestly recommended to the favorable consideration of both parties in interest."

Following out the president's policy as announced in his message to congress last December, Ambassador Bayard has been given a detailed brief on which to present the case to her Majesty's Foreign Office. Great Britain was perfectly willing to arbitrate all recent claims to the territory, but declared that the old claim was of a nature which could not be arbitrated. The United States is now presenting strong arguments to show why the disputed territory should not be occupied by either party until the question of the title has been settled by a friendly arbitration.

Thus far the Monroe doctrine has come into the case only incidentally. The diplomatic correspondence has been going on by fits and starts for a year. Now the United States has strengthened the tone of its dispatches, slightly, to be sure, but perceptibly. There is as yet not the slightest approach to an ultimatum, because none is necessary. The correspondence has not reached that stage nor is it likely to soon, because matters in Venezuela are just where they were a year ago.

Enough has been said in the correspondence, however, to show that the repeated declarations of the Department of State that the administration had inaugurated a firmer foreign policy are true. Mr. Bayard's instructions have reached the point where he can insinuate that the United States might not remain passive if Great Britain should occupy the territory and upset the Venezuelan authority. An intimation has been given that Great Britain would do well to consider the United States as something more than a looker on.

So far the Department of State, under Secretaries Gresham and Olney, has presented to the consideration of Queen Victoria and her ministers reasons why the dispute should be arbitrated. Under Secretary Olney the correspondence has progressed farther and become what the diplomats call "firmer."

ALLIANCE AGAINST BRAZIL.

England, France and Italy Will Unite to Enforce Demands.

Buenos Ayres, Oct. 5.—A Rio Janeiro dispatch to El Diario says that England, France, and Italy have decided upon collective action with a view to securing satisfaction of their respective claims upon Brazil. The claims of France grew out of the disputed jurisdiction of the territory of Amapa, lying between Brazil and French Guiana. Italy's claims are for reparation on account of damages suffered by Italian subjects during the revolution in Brazil. The Italian minister withdrew from Rio last summer, leaving the legation there in charge of an attache, to mark the strained relations between the two countries. England's claims probably relate to the island of Trinidad, which she seeks to obtain as a cable station.

Chicago Bank Officials in Trouble.

Chicago, Oct. 5.—One more bank teller was drawn into the coils of the law last night when Harry J. L. Martin, receiving teller of the Commercial National bank, was arrested by the United States government for embezzlement. At almost the same hour a similar warrant was served on Joseph H. Wilson, who was recently charged with embezzling a large sum from the National Bank of Illinois. Both warrants were sworn out by Bank Examiner John C. McKeon and are for violation of section 5,209, revised statutes of the United States, which fixes the penalty for embezzling for a national bank at not less than five nor more than ten years in the penitentiary.

Our Gold Coming Back.

New York, Oct. 5.—The steamship Spree, which sailed from Bremen for New York on October 1, carried \$100,000 gold, and the steamship Furst Bismarck, from Hamburg, on October 3, carried \$150,000 gold. Both amounts are consigned to Zimmerman & Forsyth of this city.

THE ALLEY L. ROAD DIDN'T MAKE IT GO

THE CHICAGO LINE IS IN FINANCIAL TROUBLE.

Whole System Was Placed in The Hands of a Receiver This Morning by the Court Having the Straightening Out of the Rather Complicated Affair.

Chicago, Oct. 5.—The Lake Street Alley Elevated Railroad was placed in the hands of a receiver this morning.

COMMEND GOV. CULBERSON.

Episcopal Convention at Minneapolis Endorses Texas' Governor.

Minneapolis, Oct. 5.—The two houses of the Episcopal convention held brief sessions yesterday before going into joint session as the "board of missions." In the house of deputies morning prayers were conducted by Bishop Worthington, of Nebraska, and Rev. Dr. J. Lewis Parks, of Philadelphia. Rev. Dr. D. C. Roberts, of Concord, N. H., offered a resolution commending the governor and legislature of Texas for its stand on the prize-fighting question. A white-haired delegate from Pennsylvania, James S. Biddle, objected to immediate consideration. He said he had no knowledge whatever of the action of the Texas people. This caused a roar of laughter in the staid convention and the resolution was passed with a few faint notes.

The house of deputies transacted little business before the joint session, save the announcement of the standing committees and the reference to the proper committee of the memorial of the diocese of California, asking the consent of the house to the erection of a new diocese within the limits of the present one.

The board of managers presented a lengthy printed report to the board of missions. Among other matters it had adopted a resolution that it was inconsistent to receive grants in money from the United States for any of its schools. An appropriation of \$40,000 a year has been made for work among the colored people, and a commission was named to supervise it. The society's gross receipts were \$727,284, a handsome increase. Of the 5,484 parishes under missionary control 3,506 made contributions.

The prayer-book distributing commission made an interesting report, showing the distribution of 1,100,000 prayer books since 1892. Resolutions were adopted denouncing the recent massacre of missionaries in China and the killing of the Bannock Indians in Wyoming.

SIAM MUST SETTLE.

Authorities at Washington Will Enforce a Claim.

Washington, Oct. 5.—The United States has called upon the Siamese government to settle what is known as the Cheek claim. This claim was made to the state department some years ago by Dr. M. A. Cheek, who recently died in Siam. It was caused by the action of the Siamese government in confiscating property belonging to him. From his statement made to the department and other papers forwarded by Minister Barrett, it appears that Cheek entered into a contract with the Siamese government to cut the teak wood which abounds in that country and to ship it to a market. The Siamese government advanced him 600,000 tekal to assist him to buy elephants and implements, etc. Dr. Cheek, in addition, put a large sum of money into the enterprise and commenced to carry out his contract. The Siamese government became dissatisfied with his operations and, without any intimation whatever, seized all the property, claiming that he had broken one of the provisions of the contract.

Stern's Appeal Rejected.

Munich, Bavaria, Oct. 5.—At yesterday's sitting of the lower house of parliament the premier announced that the appeal of Louis Stern, of New York, sentenced to two weeks' imprisonment and a fine of 600 marks for insulting Baron von Thuengen, Deputy Commissioner of the Spa of Kissingen, had been rejected.

Washington, Oct. 5.—The Stern affair has left a bad impression here, for it is believed that the Germans have seized upon a trifling offense to treat a prominent American citizen oppressively.

Taylor's Get a Respite.

Carrollton, Mo., Oct. 5.—Yesterday was the date set for the execution of the Taylor brothers for the murder of the Meeks family, but Judge Rucker granted a stay of execution pending an appeal to the supreme court. The appeal will not be heard before next April.

No Boodle Witnesses Examined.

Springfield, Ill., Oct. 5.—The grand jury examined no witnesses in the boodle cases yesterday. Representative Ross Graham was expected to testify in the case, but he was detained at home by the death of his mother. It is believed that the jury will finish up its work to-day and adjourn.

Vessels Wrecked Off Newfoundland.

St. John, N. F., Oct. 5.—Three vessels, one French and two English, have been lost on the south coast of the island.

JOINED THE LEAGUE DESPITE MRS. BROWN

UNWRITTEN HISTORY AT THE SUFFRAGIST CONVENTION.

Old Contention Between Susan B. Anthony and Mrs. Olympia Brown—Willis Caused Some Friction and the Latter Lost as Wisconsin Affiliates With the National Organization

Evansville, Oct. 5.—There is a pretty piece of ancient history connected with the action of the Suffrage convention in joining the national organization, that had never been told until the walls of the Congregational church heard it last Thursday morning.

Two people of national reputation, both earnest workers for the cause years before some of the present members were born, crossed swords. These women were Susan B. Anthony and Olympia Brown-Willis.

The former declared Washington was the place for the national convention. The latter having aspirations of her own, wished to have an occasional chance at presiding by bringing the convention into the Mississippi valley, where her delegates would be in larger numbers and these of Miss Anthony left behind.

Wisconsin, loyal to her president withdrew. From that day till this the Badger State has "played it alone." This year many new young members joined the ranks. Many of the older ones were unable to attend. Mrs. Brown was herself late and her train merely allowed her to reach the convention in time to preside at the business meeting.

Vote Nearly Unanimous.

The lobbying and canvassing had all been done and when the vote was counted it was seven to one in favor of adjoining the auxiliary movement. The following day Mrs. Brown proposed to show her resentment by refusing to allow her name to be placed at the head of the state officers. This interesting bit of feminine politics has been kept very quiet and was not known to any save "the faithful" for two days.

Many feel that after the scurry is over the members will understand each other better.

The association is at a turning point in its history and all the delegates are thankful that the affair has been so amicably settled, yet settled the right way.

Wisconsin was never so interested in the woman problem as today and arrangements are now being made for an active campaign for the coming year. It is proposed to make a thorough canvass of the state with the view of organizing every county and city, something upon the same basis as the W. C. T. U. is organized.

The national association will furnish able speakers to address mass meetings in the principal cities and will be to them what the central committees are to the political parties.

To Push Their Newspaper

Especially effort will be made to increase the circulation of the Wisconsin Citizen and run it upon a rational newspaper basis. For months at a time it has not carried a line of advertising and has been a dead weight to the executive board.

The new work mapped out is to be given over largely to the state lecturer and organizer, who is also to be advertising manager of the Citizen. Miss Marilla Andrews, editor of The Badger, was nominated in the convention to these offices, but declined to accept on account of her own business.

The place was then left to be filled by appointment of the executive board, and it is understood that the work has again been offered to Miss Andrews.

Evansville is a conservative town, and it was not thought by the local members that much enthusiasm would be awakened. However, many converts have been made among women, and what is decidedly more to the point among men and those instrumental in getting the convention located at Evansville, feel highly grateful at the outcome.

GAY YOUNG MAN'S HEAD CUT OPEN
Monterey Volunteer Wedding Celebrators Routed With Heavy Losses.

Occasionally the biter is bitten, and especially at Monterey. A couple who reside in that part of town were married a few days ago and the neighborhood boys gathered to beat the tom-tom. Monterey tom-toms are usually empty tomato cans. In the course of the beating the groom raised the window and shied a tomato full of hot water into the crowd. The fluid had no effect, but the can struck one of the crowd of revelers on the head and cut a long gash so deep that a doctor had to be called to sew it up.

MAIL CLERKS KEPT BUSY NOW DAYS

Rush Is On and Will Continue Until After The Holidays.

"We are rushed with business now days and will be until after the holiday season," said a local mail railway clerk this morning. "The enterprising advertiser is now taxing Uncle Sam's facilities to the utmost and the mails are heavy with all kinds of circulars from the five pound catalogues to postal cards."

When the vestibule pulled into the city last evening, it contained a good sized shipment of printed matter, which was being sent to the Pacific coast from Chicago and the east via St. Paul.

"Eastern firms are beginning to send their catalogues, etc., west," remarked one of the clerks. "It takes so long to get there they prefer to give it an early start, even if Christmas is some months away."

SEVEN SOCIETIES AGAINST ONE.

Local Graduates of the State University Watch the Fraternity War.

Janesville graduates of the State University are much interested in the war waging among Madison fraternities. The Rho Kappa Upsilon have grown so powerful as to be dangerous to the other societies and a league has been formed against them, all seven of the other fraternities joining. Every effort is to be made to kill the Rho Kappa Upsilon. The Rho Kaps succeeded the Phi Kappa Psi a few years ago and W. A. Jackson and F. H. Jackman, members of the Phi Psi, transferred their allegiance at that time.

CHICAGO CYCLERS IN THE CITY

Two Members of the "Post Office Wheelmen" Visit Janesville

C. W. Miller and George Eberlin, two members of the Chicago Post Office wheelmen, arrived in the city last evening, they being on a tour of Southern Wisconsin. They left Chicago Tuesday and are spending their two weeks vacation a wheel. They left this morning for Beloit.

"Next year we are coming to Janesville fifty strong," remarked Mr. Miller. "The members of our club have been planning a 'club run' for next year which will include this city."

BOY CRUSHED UNDER A WAGON

Son of Mr. and Mrs. S. P. Gilbert of Orfordville, Severely Injured.

The little son of Mr. and Mrs. S. P. Gilbert of Orfordville, five years old, was run over by a wagon and seriously injured. While riding into the field with his mother, the wagon was upset in turning a corner, and both were thrown out. The wheels passed over the little fellow's body and it was feared that the injuries would prove fatal at first, but later on he began to get better.

SEVEN O'CLOCK RULE IS NOW IN FORCE

SERVICES BEGIN EARLY IN LOCAL SANCTUARIES.

Col. N. Smith of Fond du Lac, To Speak at the Congregational Church in the Morning and at the Baptist Church in the Evening—The Announcements of The Pastors.

Sunday evening services at the various Janesville churches will, by usage, be changed to 7 o'clock beginning tomorrow. The rule has always been to make the change on the first Sunday in October. The services in the local sanctuaries will be of unusual interest tomorrow.

Col. Nicholas Smith will preach at the Congregational church in the morning on the subject, "The Syrophenicians; The Supreme Test of Faith," and in the evening he will conduct the union service at the Baptist church, and lecture on "Spurgeon, the Mightiest Personality of the Century." That the audiences who will listen to Col. Smith will pack the churches to the doors goes without saying.

At All Souls church the right hand of fellowship will be extended at the morning service.

The announcements of the various pastors are as follows:

ALL SOULS, The People's Church—Morning service at 10:30 a. m. Sermon by the pastor on "The Qualities of Man, What Is Man? What Is He Made of? What Is His Use?" All are invited to remain to the discussion which follows the sermon. School for religious culture at 12:15. Culture club at 6:15 p. m. Subject for study "The Religion of the Pharisees." At the morning service the right hand of fellowship will be given to all who desire to enjoy the freedom of our liberal church.

CONGREGATIONAL CHURCH—Morning worship at 10:30 conducted by the pastor, with sermon by Colonel Nicholas Smith, of Fond du Lac. Subject, "The Syrophenician, the Supreme Test of Faith." Union services in the Baptist church at 7 o'clock, addressed by Colonel Smith on "Spurgeon—The Mightiest Personality of the Century." Endeavor meeting at 6 o'clock.

CHRIST CHURCH—Seventeenth Sunday after Trinity. Sunday school, 9:30 a. m.; Litany and celebration of the Holy Communion, 10:30 a. m.; sermon topic, "Results of Mischief;" evening service, 7 p. m. Reading of Bishop Cox's sermon, delivered before the general convention in Minneapolis, Oct. 2nd, 1895. Friday service, 7:15 p. m.

TRINITY CHURCH—Seventeenth Sunday after Trinity. Holy Communion at 7:30 a. m. Litany, sermon and choral celebration at 10:30 a. m. Sunday school at noon. Young Men's Bible class at 4 o'clock p. m. Choral evening and sermon at 7 o'clock p. m.

BAPTIST CHURCH—Preaching in the morning by the pastor. Sunday school at 12. Endeavor societies at 4 and 6 p. m. Colonel N. Smith, of Fond du Lac, will deliver his lecture on "Spurgeon" at 7 o'clock. All are cordially invited.

PREBYTERIAN CHURCH—Morning service at 10:30 o'clock. Sermon by the pastor. Subject, "God's Latest Revolution." Evening service at 7 o'clock. Subject, "A Scrutiny of Death; What It Is and What It Means."

CHRISTIAN SCIENCE—Services are held in room 5, Bennett block, at 10:30 a. m. Sunday and 7:30 p. m. Friday. All are cordially invited.

"THE LEAF" ON THE LEAF MARKET

THE crop has sweat better than did the '93 and displays better color and flavor, and has good burning qualities.

THE dry weather is having a deleterious effect upon the hanging tobacco, there being too strong an inclination to haying out.

THOSE of our dealers who are catering to the retail trade notice a slight improvement, otherwise all remains as for some weeks past.

EXCEPT an unusually active week for one of our dealers, nothing has occurred to disturb the even tenor of local market conditions.

FROM the samples of 94 drawn we are of the opinion that much of it is going to prove to be a pleasant surprise to many of the packers.

Among the transactions reported are: 72 cases '92 sold by James Cleland; 74 cases '92, 11 cases '91 and 23 cases '93 sold by G. H. Rumrill; 35 cases of '92 sold by Samuel Grundy; 134 cases '92 bought by J. L. & M. F. Greene.

F. S. BAINES has had a very busy week, having bought 365 cases of '92 of local and Edgerton dealers. The goods were bought for an eastern cigar manufacturer who uses large quantities of Wisconsin goods. Our worthy mayor has been one of the most active and prudent buyers in the state, and during the past year has been the most extensive commission buyer in the state.

TRIO OF TEACHERS HIRED LAST NIGHT

SCHOOL BOARD HOLDS A BUSY SESSION.

Dedication of the New Building Postponed Until October 24—Janitor Stone's Pay Raised—Geographies Will Not Be Changed at Present—Bills Paid Amounted to \$1,770.

The school board held a busy session at the office of Superintendent D. D. Mayne in the new high school building last night. They paid \$1,770.11 in bills; they hired three teachers; they postponed the dedication of the new building; they granted the use of the new building for a teachers' institute, Oct 18 and 19; they raised Janitor Samuel Stone's pay; they decided not to change geographies, and then they adjourned.

All the members were present and President Goldin presided. After the journal had been read, City Treasurer Fathers' statement was read, showing that \$33,788.67 to the credit of the school board and that \$4,219.49 had been paid out. Bills aggregating \$1,270.01 were allowed against the general fund while \$500 was paid from the high school fund. Commissioner Clemons, in behalf of the committee on teachers reported in favor of hiring Miss Jessie Allen, of Evansville at a salary of \$35 per month for the extra fifth grade in the Lincoln school when it is ready to be opened; Miss Emma Gardner, of this city, at a salary of \$35 for the extra seventh grade in the Jefferson school, and Miss Spaulding of Milton, at a salary of \$40 per month for the fifth grade of Adams school which report was adopted.

The Dedication Postponed.

The committee having the dedication of the new High school in charge, through Commissioner Cunningham, reported that it had been decided to postpone the dedication until October 24 when the building would be furnished complete and President Eaton of Beloit College and President Adams of the State University, could be present.

Superintendent Mayne spoke of the teachers' institute to be held October 18 and 19, and on Commissioner's McLean's motion, the use of the new building for the meeting was granted.

Samuel Stone's salary as janitor of the Lincoln school, building was raised from \$35 to \$40 a month on account of the addition of a room, and dating from the opening thereof, all voting aye except Alderman Cunningham.

The committee on text books reported, after holding a meeting by themselves, that in their judgment it was better to make no change in geographies just at present, which report was adopted. An agent of Rand, McNally & Co. was present and addressed the board offering to send an extra sheet in the books if Cuba was annexed by the United States, and after listening to him and hearing the committee's report the board adjourned.

Beware of Counterfeiters
 Who infest the market and are the means of robbing sick people of their money, and what is of still greater consequence of not unfrequently aggravating the complaints under which they labor. It is an act of duty we owe to society to warn the people against these dangerous frauds. A little care on the part of the purchaser will protect them from imposition by bearing in mind the facts: Never buy where it is offered in bulk (in kegs or jars) as the genuine Hostetter's Stomach Bitters are sold only in bottles having the handsome steel plate label displaying the combat between St. George and the Dragon, and having at the bottom a miniature note of hand for one cent, bearing a fac simile of the signature of the president of the company. Over the cork is a metallic cap, on which is impressed the name of the article, together with a medallion head in the center. Any person selling the counterfeit Hostetter's Stomach Bitters we shall not hesitate to bring to justice, as we never fail to convict.

A Shoe Of Our Own Design.

WE CAME TO THE CONCLUSION SOME MONTHS AGO THAT the Shoe buying ladies required a Shoe that will combine the good wearing qualities and style and make-up of a higher priced shoe. We said to the Richardson Norcross Co. we want you to make us a shoe which can be sold for \$2.50

That Will Look Well,
 Wear Well,
 And Be of Better Material
 Than Any \$2.50 Shoe

we ever sold. The result has been that we now have a shoe which be a surprise to anybody that sees it. The shoe is made of dongola kid, patent leather tip, and made slipper foxed. We have this shoe on the modified Tokio last, in lace and button; also on the Josephine or narrow square last. It sets pretty on any foot and it to be the best shoe for \$2.50 ever sold in the city. It can not be duplicated at any other store.

Remember our stock does not stop at a \$2.50 shoe,

WE HAVE ALL PRICED GOODS IN ALL THE STYLES!

Fall goods are very pretty.

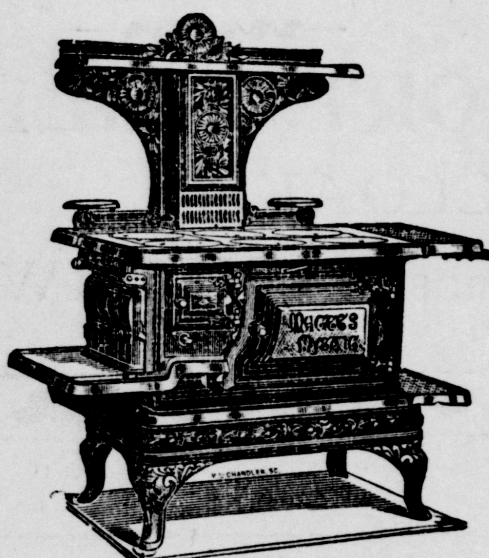

Ladies are especially invited to come to our store any time and have their Shoes cleaned and blacked FREE of charge.

than we are witnessing now? It really seem to require a hammer and saw to get into a pocketbook. But the better times are coming and as good an autumn trade as we ever saw. Money is plenty, crops are good, and as that old saw runs: "Confidence is as good as cash." Soon the stress will be over and we shall not have to bolster our courage with proverbial saws. LOWELL is right here through it all, as calm as a World's Fair Manager, and he is doing his best to shuffle off the hard times and righten the market faster than its usual pace.

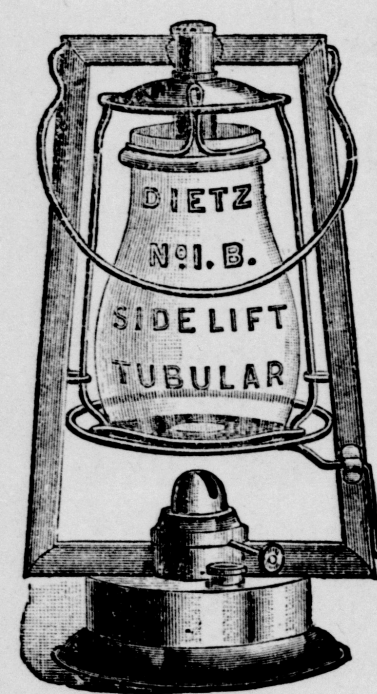

PRICES ON NEW AND SECOND HAND STOVES

Are low. The basement of the Milwaukee street store contains many first-class second hand stoves in good order that are bargains. The Garland, Peninsular and Round Oak and a few more of the highest grade makes of stoves are there for your inspection. Prices right. The Furnaces he handles are all great heaters. Have been tried in many houses in the city and found to be satisfactory.

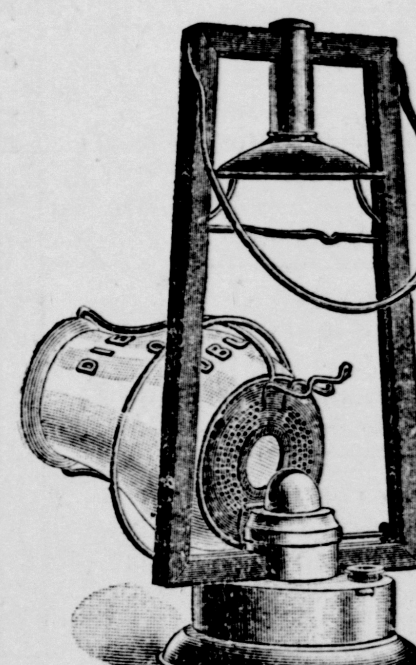

BIG STOCK OF TUBULAR LANTERNS JUST RECEIVED

Down at the Annex they have more good bargains in Crockery and Glassware!

than you can get at other places. Chamber Sets—pretty ones too—are reduced in price to make room for new stock. Books, well bound, popular authors, at 19c per volume. Fancy Articles by the hundred, cheap as can be. Shoes that are Marzluff's and save you from \$1 to \$2 a pair. Underwear, Clothing, Tinware, Rugs and too much other stuff to speak of.

IT IS A FAILURE.

However much the administration tries to bolster up the present tariff law as a revenue measure results are against it. In spite of returning prosperity and reviving business the national debt continues to increase and the interest-burden on the people to grow. True the receipts of the treasury last month appear to have somewhat exceeded the expenditures, but there is reason to believe the statement was manipulated, and at any rate the gain is not greatly reassuring, since there is promise that the present month will show a considerable deficit. An excess of receipts over expenditures for a couple of months out of a year, granting the statements of such to be honest, will not commend the democratic tariff policy to practical men who look at the matter from a business standpoint. The law is a failure as a revenue measure and it will continue to be unless importations are enormously increased with the inevitable effect of seriously injuring home industries. We cannot have necessary revenue under the existing tariff except at the expense of our own industrial activity and progress, a fact that is made more impressive by every financial statement that comes from the national treasury.

A WORLD-WIDE DROUTH.

The abnormal heat which recently afflicted this country has been transferred to Paris and Flammarion, the astronomer, declares that in more than two hundred years there has not been such a cloudless September. The drouth, it thus appears, has pretty well girdled the earth, a condition which suggests that it may be of super-terrestrial origin; but Flammarion's theory that the heat and drouth are symptomatic of a coming collision with Faye's comet, while creditable to the imaginative powers of the gifted Frenchman, rests too largely on a basis of fancy to excite apprehension in the popular mind in either hemisphere.

WHO OWNS THE STREAM.

An important matter western courts are being called on to decide is the division of water under irrigation laws. There appears to be no precedent to show how far people can go in appropriating the water of streams upon which others are likewise dependent. The principles of equity involved are similar to those in the water power cases that burdened Wisconsin courts in an early day. Decisions rendered thus far draw the line very rigidly. It is possible they may not be conducive to the most rapid progress of irrigation, but they are worth something to the cause in removing the doubt and uncertainty that has enveloped the irrigation laws.

Interest is given to the flour war now raging among Janesville merchants, by the declaration that the production of the flour mills of the northwest is largely oversold. A restriction of output by the winter wheat mills has been enforced in some sections by the inability of millers to get needed supplies of the winter grain, except at comparatively high prices.

How that man Hill has shrunk! Three years ago his shadow was big enough to cover Cleveland, Palmer, Whitney, Campbell and all the rest. Today he has to be held up to the sun with a pair of tongs or he casts no shadow at all.

That story about a feud between Hill and Tammany is off the same piece as the tale about Pine Baron Vilas' turning the cold shoulder on Pine Baron Knight. Each is too useful to the other to permit of an alienation.

Evidence of a Janesville business revival is given in the new quality that marks Gazette advertisements these cool fall evenings.

Dyspeptics Delighted to Find That Their Case is Not Hopeless.

No hope! Could sadder words than these ever be penned? A life bereft of hope is but a void—a desert without an oasis. Melancholy thought!

There are people, however, to whom hope has long been a stranger. Dyspepsia or some kindred stomach trouble, has so fastened its fierce fangs upon them as to render their very existence a mere blank.

But, cries the sufferer, something "bids me hope, and in that charming word His peace and transport to my soul restore'd."

To the rescue comes that well-nigh miraculous antiseptic remedy SEPTICIDE, with its health-giving power. Dyspepsia quells before it—tremble—flees. The once sad heart at once begins to throb; first with hope, next with relief, then with a certain feeling of a cure effected. The poor dyspeptic has regained health and happiness.

This is no fable; 'tis fact. Let others attest—others of this city whose stomach troubles of various kinds have "vanished into thin air" through the agency of Septicide. Ask Mrs. James Webb; enquire of Mrs. E. T. Foote; interview Rev. Sabin Halsey; ask Mrs. Royal Wood and many others who know by experience the real value of Septicide. We want your confidence in this harmless yet effective remedy. Septicide has never betrayed our confidence and never will. Sold by Prentice & Evenson, opposite postoffice.

A CERTAIN CURE FOR PILES.

A New Preparation, Safe, Painless, Convenient and Lasting Cure for this Troublesome Disease.

We do not intend to indorse any except articles of real merit. We therefore take pleasure in calling attention to a new pile cure which has been remarkably successful in curing every form of itching, bleeding or protruding piles. The remedy is known as the Pyramid Pile Cure and is recommended by the best medical authorities on account of its absolute safety, ease of application and instant relief from pain.

The Pyramid Pile Cure contains no opium or other poisons and does not interfere with daily occupation while using. People who believe nothing but a surgical operation would cure them have been astonished at the results from a single 50 Cent package of the Pyramid.

Mrs. Mary C. Tyler, of Heppner, Ore., writes: One package of Pyramid Pile Cure entirely cured me of piles from which I have suffered for years and I have never had the slightest return of them since.

Mr. E. O'Brien, Rock Bluffs, Neb., says: The package of Pyramid Pile Cure entirely removed every trace of itching piles. I cannot thank you enough for it.

The Pyramid Pile Cure is sold by all druggists at 50 Cents and \$1 per package. Treatise on cause and cure of piles mailed free by addressing Pyramid Co., Albion, Mich.

**Man Who Was Crushed By a Train
Last Night Has But a Frail Hold
on Life—His Chest Was
Broken In and His Arm Ground to
Pulp.**

With the left wall of his chest crushed in and his left arm but a mass of bleeding pulp, George S. Curtiss, of McHenry, Ill., was pulled from beneath the wheels of a Chicago & Northwestern box car in the Janesville yards last night.

"For God's sake, boys, take me somewhere and get a doctor quick! I am hurt worse than you think for!" he gasped as the night crew carried him to the freight depot. Five minutes later the fire patrol wagon was spinning up the street on its errand of mercy and half an hour later Curtiss was lying in bed at the Palmer hospital with death almost staring him in the face.

"The chances are very much against Curtiss' recovery," said Dr. Joe Whiting this morning, he being in charge of the case today. Dr. Palmer being absent from the city. "Of course he may get well, but he has suffered rather severe internal hemorrhage."

Fell Beneath the Wheels.
Curtiss had been running a "cane rack" at the county fair at Jefferson, and came down from that city at 10:45 o'clock last night on his way home at McHenry. After sitting in the depot awhile, he went down in the yards and learned that the "stock freight" was an hour late, and could not leave until 11:30 p. m. Although the train does not carry passengers, Curtiss decided to go down on it. Men at work about the yards saw him push the rack he used in the "ring-the-cane" business into an empty box car. As he gave the framework the final shove, the train started and Curtiss attempted to jump aboard.

A crunching of bones followed, and blood spurted over the trucks of the car. Curtiss had missed his footing and the wheels had gone over him. He fell with his left arm bent, and the wheels had split it open between the shoulder and the elbow, beside crushing the hand and the upper part of the arm to a pulp.

Arm Was Amputated.
The men who saw the accident hastened to Curtiss' assistance. He was conscious, and told them to hurry up and get a doctor. As soon as he was taken to the freight depot a call was sent for the ambulance. Dr. Joe Whiting was in the wagon, and when it arrived he told the men to telephone for Dr. W. H. Palmer, the company's surgeon. This was done and after Curtiss had been cared for temporarily, he was taken to the Palmer Memorial hospital. Then it was decided that the crushed arm must be amputated and the operation was performed by Dr. Palmer with the assistance of Dr. Whiting, Captain Evenson and E. B. Hein- street.

"Save as much of the arm as you can," Curtiss said while the anesthetic was being given. The surgeons did so, but about three inches of it was all that remained. He showed much endurance after his injury and withstood the pain like a soldier. Whether or not he will survive the accident remains to be seen, but his injuries are very severe.

Bones Crushed Like Paper.
He must have fallen under the car, landing on his left side, as the injuries were all on that side. Beside the crushing of the arm, which was literally ground up, the injury to the chest was extensive. The left wall was crushed in in a dangerous manner and several ribs broken. This injury caused the internal hemorrhage which came afterward and lessened the chances of recovery.

Curtiss is about forty years of age and said his home was at McHenry. He was said to be a painter by trade, but has been following the county fairs with his cane rack. He was here last month and had just left Jefferson where the fair ended yesterday. He has a wife and six children who were notified of the accident last night. A message was also sent to his father who resides at Elgin, Ill. At four o'clock this afternoon Curtiss' condition was unchanged. His death may occur at any moment.

GOOD BALL GAME HERE TOMORROW
Dubuque and Evansville Teams to Meet At Athletic Park.

The Dubuque and Evansville teams will meet at Athletic park tomorrow afternoon and a good game is looked for. "Pa" Broughton, as Evansville people call the captain of their team, has an excellent nine while the Dubuques are as good as the best.

The twelve Janesville members of the Dubuque team left for Evansville this morning and are playing the Evansvilles on their native heath this afternoon. Schicker and Dixon were the Janesville battery, the others being Morrissey, Birmingham, Connors, John Wilbur, Holleran, Bear, McGinley, Roberts and Cooley.

STONE CRUSHER'S GOOD WORK
Janesville's Kabbie Is the Best, the Experts Say.

The stone crusher has been at work a week at the Millmore quarry. A bin has been built and divided into three sections to hold the three grades of stone as it comes from the crusher. The wagons are then loaded direct from the bin by spouts, without shoveling. Experts say the stone is a better grade than that which could be obtained from the quarries of neighboring cities.

PASSENGER LEFT AT THE DEPOT.
Sudden Change in the Time Table Causes Trouble.

A sudden change of time table on the St. Paul road caused a great deal of trouble this morning, and Ticket Purveyor Samuels was kept busy most of the morning apologizing to those who got left. They were mostly people bound for Chicago, the time of the train having been altered.

J. R. BOTSFORD, route agent of the United States Express Company, left this morning on an inspecting tour over the Prairie Du Chien division.

Mrs. T. J. ZEIGLER, formerly of this city, but now of Minneapolis, was in the city today greeting her numerous Janesville friends. She was on her way home from a summer trip throughout the east.

ESTES HARDY, the little daughter of Mr. and Mrs. E. M. Hardy, who has been dangerously sick with pneumonia, was considerably better today, although the crisis of her illness has not yet been reached.

Miss NELL PERKINS, who visited in this city last winter, will be married next week to Allen Dawson, editor-in-chief of the Des Moines (Ia.) Leader. Her cousin, Miss Clara Perkins daughter of Congressman George D. Perkins, was married Wednesday night to W. W. Simmons, business manager of the Sioux City Journal.

STONE CRUSHER'S GOOD WORK
Janesville's Kabbie Is the Best, the Experts Say.

The stone crusher has been at work a week at the Millmore quarry. A bin has been built and divided into three sections to hold the three grades of stone as it comes from the crusher. The wagons are then loaded direct from the bin by spouts, without shoveling. Experts say the stone is a better grade than that which could be obtained from the quarries of neighboring cities.

PASSENGER LEFT AT THE DEPOT.
Sudden Change in the Time Table Causes Trouble.

A sudden change of time table on the St. Paul road caused a great deal of trouble this morning, and Ticket Purveyor Samuels was kept busy most of the morning apologizing to those who got left. They were mostly people bound for Chicago, the time of the train having been altered.

TWO HORSES FOUGHT AND BROKE A BUGGY

EQUINES IN A DUEL AT THE
CONNELL FARM.

One Animal Belonged to Dr. J. G. Hughes of This City, and He and Attorney J. L. Mahoney Separated the Beasts With Clubs—The Carriage Damaged Considerably.

The fact that two horses fought a duel at the Connell farm five miles from this city in the town of Plymouth, came near causing Dr. J. G. Hughes and Attorney J. L. Mahoney to take a pedestrian trip, but thanks to an unused clothes line and the shafts to an old hay rake, they were able to get back to Janesville without patronizing Foote & Walker's line.

The fight between the horses was a desperate one. The two gentlemen drove to the Connell farm with Dr. Hughes' horse, and hitched the animal at the gate. While they were in the house another horse got loose from the Connell barn and attacked the doctor's beast. The fighting animals made a great racket, and the people in the house heard it. Realizing that something was wrong they hastened out of doors. Dr. Hughes' horse was at a disadvantage, being harnessed to the buggy and hitched to the post both, while the other animal had the free use of its limbs.

Separated With Clubs.

Both animals were kicking, striking and squealing when the men came out of the house and how to separate them was the question. There was no time to figure out a plan as with each kick something about the buggy or harness was broken, so Dr. Hughes and Attorney Mahoney seized some loose pieces of board and took a hand in the fray themselves. They drove the Connell horse away with the clubs and took an inventory of the doctor's outfit. The shafts of the buggy had been completely wrecked; the harness had been broken in a dozen places, and the horse had been somewhat bruised, although the buggy suffered most. There were no bug- shafts on the place that would fit the doctor's carriage, but a pair were finally taken from an unused hay rake and by patching the harness up, they managed to get home in safety, although they had to walk the horse all the way, arriving here after midnight.

DRUGS

PUTS AN ENTIRELY DIFFERENT COLOR ON THE WHOLE THING.

It's all right to talk about cheap Drugs and keep on talking them, but when some one asks "Are they any good?" the aspect is sometimes changed. Then is the time for us to step up and say "YES SIR! Ours are good right straight through. They are medicines that make sick folks well again, and not mixtures of nasty chemicals thrown together TO SELL ONLY. You're well and want to be made sick, DON'T come to us."

WHAT ABOUT OUR KIDNEYS?

Some Facts About Their Pains and Diseases.

The Symptoms of Sick Kidneys and the Diseases that Sick Kidneys Will Cause—A Sure Cure For the Kidneys and for the Diseases.

There are a great many people who don't know that the kidneys are simply filters.

All the blood made by the food we eat passes through the kidneys.

The kidneys separate what is bad from what is good, what is unhealthy from what is healthy, throw out the bad and let the good pass on to nourish our body.

And this is going on every minute of our lives.

Some folks overlook their kidneys. They have to suffer the consequences.

But the consequences would not be so bad if they would take Dr. Hobb's Sparagus Kidney Pills.

The kidneys are overworked from worry, hard work of the body or mind, excesses, overeating, etc.

Worry is probably the most common of these causes.

Overwork of the kidneys makes them sick, and they make us sick.

When the kidneys are sick the blood suffers. It gets poor, thin, unhealthy, poisonous.

When our kidneys are sick we may have Bright's disease, diabetes, nephritis and other dangerous kidney troubles.

Or we may have rheumatism, gout, neuralgia, general muscular weakness, etc.; or anemia, pale and sallow complexion, chlorosis or green sickness, dizziness, etc.; or skin diseases, pimples, blotches, eruptions, etc.

It may seem wonderful that one medicine should be able to cure all these diseases, but when we remember that they are all caused by impure blood, and that the impure blood is caused by the kidneys, it becomes a question of simple common sense.

The kidneys make pure blood.

Pure blood means health.

Therefore, when you have diseases of impure blood, cure your kidneys with Dr. Hobb's Sparagus Kidney Pills.

This will make you well and hearty. Dr. Hobb's Sparagus Kidney Pills contain, in concentrated form, special vegetable drugs which cure and renew the kidneys.

The combination from which they are made is found in no other medicine or prescription. It was first used by Dr. Hobb in his private practice many years ago, and was so un-failingly successful that his original prescription was finally made up into Dr. Hobb's Sparagus Kidney Pills. The concentrated extract of Asparagus, which is the principal ingredient, is prepared exclusively by the Hobb's Medicine Co., under a special process.

Dr. Hobb's Sparagus Kidney Pills will cure you when you are sick.

They will put new blood and new life into you. They will give you new ambition, new looks and new brightness of eyes and skin.

A few doses will relieve; a few boxes will cure.

Of all druggists, or mailed prepaid to any address for 50 cents a box.

Write for interesting pamphlet on the subject, free on application, to Hobb's Medicine Co., Chicago or San Francisco.

It is a truth in medicine that the smallest dose that performs a cure is the best. Dr. Witt's Little Early Risers are the smallest pills, will perform a cure, and are the best. C. D. Stevens.

Half Rates To Milwaukee.

On account of the semi-centennial celebration the Northwestern line will, on October 15, 16 and 17, sell excursion tickets to Milwaukee and return at one fare for the round trip. Tickets good returning until October 18, 1895. For tickets and full information apply to agents C. & N. W. railway.

SAY, why don't you try DeWitt's Little Early Risers? These little pills cure headache, indigestion and constipation. They're small but do the work. C. D. Stevens.

Homeseekers' Excursion for October.

On October 8 and 22, the Chicago, Milwaukee & St. Paul Railway will sell homeseekers' round trip excursion tickets at half fare, with \$2 added for return trip, to points on its own lines west, and to all points in Nebraska, Kansas, southwest Missouri, Utah, Colorado, New Mexico, Arkansas, Wyoming, Oklahoma, Indian Territory, Texas and Arizona. Tickets will be good for return on specified dates up to November 12.

Fly Parasites.

It appears that every living creature has its deadly enemies, and in this respect the common house fly is no exception. Within a very short time, probably by the 20th of the present month, fly parasites will commence their work. Their favorite location is around the wings of the fly. They soon become so full of blood as to be visible to the naked eye. They keep sucking away until they exhaust the source of supply, leaving the wretched fly little more than a shell. In this condition it attaches itself to some convenient spot and gives up the ghost.

Here's a Melon for You.

A Jessamine, Ky., farmer drove into the village with a watermelon that weighed ninety-eight and one-half pounds. It was bought by Dick Brown, the village blacksmith, who cut it open with a cross-cut saw and treated the entire village. One-half of the rind was saved intact and placed under the village pump as a trough to water stock from.

COOLEY AIR SHIP A SUCCESS

Maintains Its Position Aloft and Would Sail If Not Held Back.

Rochester, N. Y., Special:—Two tests of the Cooley air ship were made yesterday in this city, the second one being successful. After drawing all the ropes tight Mr. Cooley gave the signal and the ship shot up with surprising rapidity. A strong west wind was blowing at the time and the pet and pride of the inventor sailed in a moment across the meadow to a tree and entangled one of the ropes in it. This caused the ship to shift its position so that it no longer faced the wind, and it made a dive to the earth amid the laments of a thousand spectators. When Mr. Cooley reached the ship he found it, to all appearances, a complete wreck, but he set to work with a will and soon found that he would be able to use but a single set of sails on the next trial, for the cross spars were broken in several parts. The useless set of sails were accordingly removed, and with the help of several men the ship was again placed in an erect position, the ropes tightened and fastened, and several extra braces added to assure stability of the two parts. About 5 o'clock all was in readiness for the second trial and the ship was carried far out in the meadow away from any dangerous trees, and ten men held the ropes preparatory to the signal from the inventor. When finally the signal came the ship arose slowly in the air to the height of 200 feet, and instead of darting downward it stayed right where it was. It was evident too, that it wished to go higher, for it tugged at its ropes, and then finding that it could not go farther began its course downward with great ease. It alighted about 500 feet from the spot of its flight upward and settled slowly to the earth without damage.

The Milwaukee Semi-Centennial Celebration

The people of Wisconsin will be given an opportunity to join in the great semi-centennial celebration to be held in Milwaukee September 16 and 17 and at half fare on all railroads. The Chicago, Milwaukee & St. Paul R'y. will sell excursion tickets at a one-way fare for the round trip, on October 15, 16 and 17, good for return until and including October 18.

A Golden Harvest

is now insured to the farmers of the west and Northwest, and in order that the people of the more Eastern states may see and realize the magnificent crop conditions which prevail along its lines, the Chicago, Milwaukee & St. Paul R'y. has arranged a series of three (3) harvest excursions for August 29, September 10 and 24, for which round trip excursion tickets (good for return on any Friday from September 13 to October 11 inclusive) will be sold to various points in the West, Northwest and Southwest at the low rate of about one fare.

For further particulars apply to the nearest coupon ticket agent or address Geo. H. HEAFFORD, Gen'l. Passenger Agent, Chicago, Milwaukee & St. Paul R'y., Chicago.

Cotton States and International Exposition at Atlanta, Ga.

For the above event the Chicago, Milwaukee & St. Paul Railway will sell excursion tickets from Sept 15 to Dec. 31, 1895, good for return until and including Jan. 7, 1896. The rate of round trip will be 75 per cent. of double lowest first class fare.

Acts at once, never fails. One Minute Cough Cure. A remedy for asthma, and that feverish condition which accompanies a severe cold. The only harmless remedy that produces immediate results. C. D. Stevens.

Guess Again.

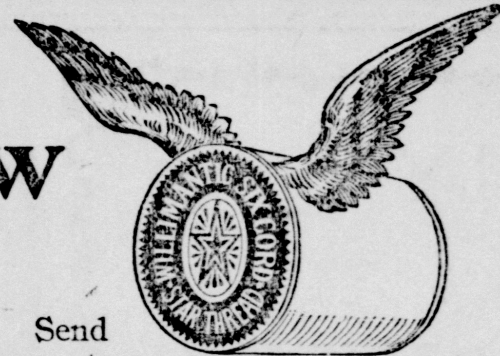

Ethel Knox—Why are you like my piano lamp? Stay late—Because I shine in your drawing-room?

Ethel Knox—You are turned down but you don't go out.—N. Y. World.

Sometimes the most careful women are the most careless. Many a woman bundles herself up, to keep out the cold—to keep out sickness—when she is neglecting the very worst sickness that can come to a woman. She allows a slight disorder to become worse, to slowly sap her vitality. The little pain and the other slight indications of trouble seem to her unimportant. She goes on, with increasing suffering, until life itself becomes a drag. Nervousness, "sinking spells," digestive disturbances, and fifty other complications may arise from the derangement of the organs distinctly feminine. Over thirty years ago, the need for a reliable remedy for so-called "female complaints," was recognized by Dr. R. Y. Pierce, then, as now, chief consulting physician to the World's Dispensary and Invalids' Hotel, at Buffalo, N. Y. He prepared Dr. Pierce's Favorite Prescription, the most wonderfully effective remedy that has ever been used for such maladies. Sold by all medicine dealers.
